About CCYC's Mission: County Councils for Young Children (CCYC's) are established local councils that create an environment where parents/ families come together at the local level with providers and other community stakeholders as active partners to identify and discuss the needs, concerns, aspirations and successes regarding issues that affect the health, education and well-being of children. The CCYC's will form strong partnerships and work together to develop mutually-established goals and implement creative strategies that reflect the views/priorities of families.
