

Norwescap Child & Family Resource Services presents:

Supporting Self-Help & Independence

Join us for a practical training to help you support young children as they develop essential self-help and problem-solving skills.

Learn how to:

- Implement strategies that encourage autonomy through daily routines.
- Create environments that build independence and confidence.
- Use positive reinforcement to support decision-making and problem-solving.

Walk away with tools and ideas you can immediately apply to empower the children in your care to thrive as capable, confident individuals.
